## CHEVY CHASE VILLAGE CRIER

### CHEVY CHASE VILLAGE ANNUAL MEETING: MONDAY, APRIL 15 AT 7:30 P.M.

*Refreshments available beginning at 7:00 p.m.*

The Annual Meeting is an excellent opportunity to get caught-up on issues affecting the Village. Residents who have moved into the Village during the past year are especially encouraged to attend to see their Village government in action, and to meet Village Committee/Commission members and elected officials.

Committee/Commission Chairs and representatives will provide reports of their Committee/Commission's activities over the past year. Also at the Annual Meeting, the Board will adopt the operating budget for FY 2020 (July 1, 2019 through June 30, 2020) and will set the real estate and personal property tax rates for the same period. Candidates for the Board of Managers will be announced by the Election Supervisors.

All residents are invited to join the Board in recapping the past year's events and accomplishments and to discuss the Village's goals in the upcoming year.

THANK  
YOU

## SPECIAL THANKS TO PUBLIC WORKS STAFF

As we enter the first full month of spring, we officially say goodbye to winter storms. This winter was unique with its collection of snow and ice events—both big and small. As winter dredged on, however, residents knew they could rely upon a small—but mighty—crew of personnel that would be working through the cold, and sometimes treacherous, conditions to ensure roadways remained clear and accessible.

Led by Director Jerry Lesesne (who enters his 37th year with the Village in July), the crew which includes, William (Hap) Abernathy, Luis Galindo, Richard Graves and Clarence Ricks, worked well over 50 hours this winter responding to winter storms clearing roadways and sidewalks along Connecticut Avenue and Brookville Road, as well as the sidewalks in the Buffer, around the Village Hall and in Western Grove and other Village parks.

We thank the Public Works staff for their hard work and for continuing to set the bar for winter storm readiness!

## RECORD HIGH GROUNDWATER LEVELS AFFECTING FREQUENCY OF SUMP PUMP ACTIVATION

We have received many inquiries regarding why sump pumps have recently been running on a much greater frequency than ever experienced before. We consulted data produced by the United States Geological Service (USGS) who monitor groundwater levels in the metropolitan area. Since August 2018, greater than average rainfall in our area has caused the local groundwater level (or "Water Table") to rise closer to land surface than is considered within the "normal" historical range. In fact, the February 2019 water table data indicated record-high elevations (above the previous record set in 1972). The water table is always highest in winter when plants are dormant and there is little or no evaporation during times of snow melts and/or rainfall. However, water-table elevations, and therefore sump pump activation, can be expected to decrease within about two months as Spring rainfalls come to an end. In the meantime, we recommend annual professional preventative sump pump maintenance to check the condition of the pump motor and clean the sump pit to prevent fouling of the pump intake.

To view the USGS monitoring well graphic data, an interactive clickable map of Maryland can be found at:

[https://md.water.usgs.gov/groundwater/web\\_wells/current/water\\_table/counties/index.html](https://md.water.usgs.gov/groundwater/web_wells/current/water_table/counties/index.html)

This greater than average rainfall has also impacted residents' yards. From flooded yards to the loss of private landscaping, all corners of the Village have been impacted by the increased rainfall. As residents seek to manage the water on their property, we remind you that many water remediation and management solutions require a Building Permit from the Village. The Village's permitting process typically includes review by the Village's contracted civil engineer. In order to issue a Building Permit, the Village Code states that the Village Manager must determine that the proposed work will not alter the existing or natural flow of water onto neighboring properties or into the public right-of-way.

For more information on the Village's permitting requirements and process, please visit the Village website, call the Administrative Office or email [ccvpermitting@montgomerycountymd.gov](mailto:ccvpermitting@montgomerycountymd.gov).

## TAX RETURN REMINDER (MD FORM 502)

Revenues received through our residents' paid income taxes remain the most significant source of Village revenues. We need our residents' help to ensure that all income tax revenue due to the Village actually gets here. This money goes directly to services benefiting Village residents. **Village residents DO NOT pay any additional income taxes to live in Chevy Chase Village.** By law, as a municipality, the Village receives a portion of the tax you pay to Montgomery County. It is very important, however, that the State of Maryland knows to return this revenue to the Village. Consequently, please take special care to mark your tax return as shown below.

Please be aware that MD Form 502 has been **updated** with a separate political subdivision section located under your mailing address. When you complete your Maryland income tax return, remember to put **Chevy Chase Village** under "Maryland Political Subdivision" and include **1613** the "4 digit Political Subdivision Code" to ensure the Village receives our share of the state income tax (see below).

**REQUIRED:** Physical address as of December 31, 2016 or last day of the taxable year for fiscal year taxpayers.  
See Instruction 6. Part-year residents see Instruction 26.

## MANSION AT STRATHMORE TOUR AND TEA

### History-Go-Round Tours

**Wednesday, April 10, 2019 – 11:00 am**

**(Reserve Now – Space is limited!)**

Join us for a tour of the Mansion at Strathmore followed by tea in the Strathmore Tea Room!

Did you know that the imposing, gated mansion on Chevy Chase Circle and the Mansion at Strathmore were once owned by two brothers, Charles and William Corby? And that they made their fortunes by baking bread and developing bakery technology that revolutionized the industry?

By special arrangement, Strathmore docents will lead us through the historic home, once the manor house of Charles Corby's 400-acre farm. The mansion now serves Montgomery County as a multi-disciplinary arts center and intimate performance venue. Following the tour, participants will enjoy tea in the former music room of the mansion, where the pipes from Charles Corby's full pipe organ are still visible. Pianist Bob Gold, a Strathmore favorite, will perform background music during the tea.

Participants will gather at Strathmore at 11:00 am and the tour will begin shortly thereafter. After the tour, participants will have a brief time to view the current art exhibition in the mansion or visit the gift shop. Tea will begin at 1:00 pm. A tea specially blended for Strathmore will be served with a light lunch of tea sandwiches, pastries, and other savories and sweets.

The price for the tour and tea is \$30. Space is limited and reservations must be paid for in advance. Directions to the meeting point at Strathmore will be provided to all registrants. Participants must provide their own transportation and free parking is available on the ground of the mansion.

To make a reservation or get further information, email [info@chevyCHASEhistory.org](mailto:info@chevyCHASEhistory.org) or call the CCHS Archive and Research Center at 301-656-6141.

## DO YOUR "DOODY"

The Brookville Road Dog Park has become a successful gathering spot for four legged friends and their human companions. Residents report that their dogs love the exercise and their humans, too, are enjoying the opportunity to socialize with pet loving neighbors.

If you are chatting with friends or using your cell phone, still pay attention to and clean up after your pet. It's a necessary responsibility of pet ownership- and it's the law. Waste bag dispensers and receptacles are available at the park. Pet waste is an environmental hazard- it carries germs, attracts rodents and contaminates the watershed. Help us keep the park a safe place to visit- Do Your Doody!

## DO I NEED A PERMIT

Contact the Village office to confirm permit requirements prior to starting any renovation, building or landscape project. E-mail [ccvpermitting@montgomerycountymd.gov](mailto:ccvpermitting@montgomerycountymd.gov) or call (301) 654-7300.

## IMPROVED STREET LIGHTING: A COMMUNITY EFFORT

The Village is committed to improving lighting along Village streets and right-of-ways. Over the past several years, the Village has coordinated and paid for PEPCO's installation of over twenty additional streetlights at identified "dark spot" locations across the community. This has totaled almost \$45,000 in improved lighting, which provides direct public safety benefits.

At the forefront of this multi-year effort has been how we balance adequate lighting with our goals toward maintaining a healthy and robust tree canopy. To this end, the Village's arborist performs routine assessments of the Village's tree canopy to determine where trees can be sensibly pruned (also referred to as "clearance pruning") to allow for adequate light dispersion while maintaining the health and canopy of our trees.

Each year, the Board allocates \$10,000 in the capital budget to fund the installation of additional streetlights at locations identified by residents or staff as needing improved lighting. Residents are encouraged to contact the Village office to recommend additional locations that could benefit from improved lighting. This is an ongoing community effort and feedback and suggestions from residents is critical to its success.

## April is National Distracted Driving Awareness Month

### DISTRACTED DRIVING IS DANGEROUS: PUT IT DOWN AND DRIVE!

#### What is distracted driving?

Anything that diverts a motorist's attention away from the primary task of driving results in distracted driving. There are 3 basic forms of distraction: *visual* (taking your eyes off the road), *manual* (taking your hands off the wheel) and *cognitive* (taking your mind off of driving). While all distracted driving is dangerous, those activities that involve all three forms of distraction are the worst such as:

- Texting (reading, writing and sending a text)
- Using a cell phone or smartphone
- Eating or drinking
- Reading, including maps
- Manipulating GPS, radio, CD player or other device

#### How bad is the problem?

Here is what we know: distracted driving **kills 9** people and **injures 1,060** every day in the U.S. (NHTSA). As grim as these numbers are, the scope of the problem is likely much larger. The

National Safety Council has completed at least one study which shows that distracted driving is woefully underreported. Motorists are texting (reading, sending), emailing, and talking on the phone while

driving at alarming rates. We see it everywhere every day. Some people appear to be nearly addicted to their electronic devices. Don't be one of them. Stop it. Just drive. Put the phone in the trunk of your car if you can't trust yourself to ignore your device. You will hurt yourself or someone else sooner or later. It is not worth it.

**ONE TEXT OR CALL COULD  
WRECK  
IT ALL.**

# COMMUNITY NEWS

## THE SENIOR CORNER

Our Spring finally arrived, and our programs welcomed the change. February and March had beautiful musical offerings for harp and piano. We were fortunate to have the Kemper Duo on the harp and John Eaton on the piano. April is filled with celebrations, so we thought that we would offer a more serious subject for you.

**Wednesday, April 16 - 2:00 - 4:00 p.m. - Resources and Relaxation: Aging Well in Montgomery.** Shawn Brennan has worked for the Montgomery County Aging and Disability Services since 2005 focusing on health and wellness. She will discuss the various activities and programs that are available to all seniors who live in the County. If you are facing age-related challenges, are a caregiver, or are simply interested in what resources are available, Shawn will offer information and answer your questions.

Following Shawn's presentation we will have a guided relaxation session. All are welcome.

-- SAVE THE DATE --

**Tuesday, May 7 - 6:45 - 8:00 p.m. - Scams: "What You Need To Know".** Jeannine Robinson-Hurley, MPS, Education, Training and Outreach Coordinator, Office of the Attorney General, will discuss the best preventions to avoid scams. She will also highlight popular scams and offer many tips to recognize them. This is a serious problem for all of us. Plan to come and bring your friends.

**Sunday, May 19 - The 10th Anniversary Celebration of Chevy Chase at Home** - more information to follow.

Our programs are presented in cooperation with Chevy Chase@Home and Chevy Chase Village and open to all. We welcome suggestions and ideas and strive to bring you informative and entertaining events. If you have a friend or neighbor willing to share his/her talents with us, please contact me at [bettyoconnor2@verizon.net](mailto:bettyoconnor2@verizon.net) or 301-656-0597.

## GARDEN TIP OF THE MONTH- APRIL 2019

Apply 1-inch of compost to the garden after spring bulbs bloom. Let their leaves turn yellow and dry before trimming. Take an inventory of pots and containers for summer annuals.  
- Brought to you by the Village's Parks and Greenspaces Committee

## VILLAGE TEENS

Village teens are available for a variety of services. Please email the Village office at [ccv@montgomerycountymd.gov](mailto:ccv@montgomerycountymd.gov) to add a teen to the list and to make changes.

### WHEN THE POWER GOES OUT...

When a power outage occurs, it is important for all residents to call the following two phone numbers:

1. **PEPCO at 1-(877) PEPCO-62**
2. **Village Communications Center at (301) 654-7300**

If the power is restored and goes out again in a matter of minutes, the above two phone calls must be made again so the new outage is registered.
